July 24, 2018

Attention Customers,

**EFFECTIVE IMMEDIATELY**

Chambers Meadow Estate Water Company has reached the triggers to implement Stage 4 “Critical Water Use Restrictions” as the well is pumping 24 hours a day. However, we are going to attempt to allow some outside water use. This will only work if everyone does their part to conserve water. The following outside watering schedule **MUST** be followed:

- Even numbered houses may water on Monday and Thursday from 8:00 p.m. until 11:00 p.m.
- Odd numbered houses may water on Tuesday and Friday from 8:00 p.m. until 11:00 p.m.
- No automobile or RV washing, and no swimming pool fills until further notice.

These rules will be strictly enforced.

Thank you for your assistance in this matter.
